

## **MOTHER'S MILK BANK OF IOWA SUBMITS URGENT CALL FOR DONATIONS**

The Mother's Milk Bank of Iowa is in urgent need of milk donors to meet the increased demand for donor human milk.

We ask that healthy, lactating mothers consider donating their extra milk. Milk donors are not on medication with a few exceptions, are willing to be screened for health and lifestyle behaviors and communicable diseases and can deliver their milk to the milk bank or one of its 13 milk collection depots in Iowa.

Your donations help babies in the hospital and at home thrive and grow.

Please call the Mother's Milk Bank of Iowa today.

877-891-5347, 319-384-9929 (Ann Jurgensen) or 319-356-2652 (Jean Drulis).
